

Circumstances Change, Veterans' Housing Needs Don't

Meet Hayden

Hayden loved his time in the Army. After six years it was cut short due to a knee injury which meant a medical discharge.

“I am grateful for the support of Veterans Housing Scotland. The charity has really helped improve our lives and given us a chance to build a decent future.”

Circumstances Change, Veterans' Housing Needs Don't

Meet Ros

Ros joined the Royal Army Medical Corp and served as a combat medic for six years. When her circumstances changed she found herself homeless with two children.

“My life has definitely changed for the better since meeting Veterans Housing Scotland. As a result of having a stable homelife I have been able to get a new job and I am looking forward to the future.”
